Bloomington High School

Bloomington, Minnesota

Volume XVI

"End of an Era"

The 1964-1965 school year has been one of the best in the eight year history of Bloomington High School. In many areas—scholarship, sports, extracurricular activities and service to the community—the Bears excelled. Setting new records and maintaining high standards, the students of this school have won city-wide, statewide, and nationwide recognition for Bloomington.

With so many achievements, excitement ran high. There was, however, a note of sadness. Throughout the year, the emphasis was on "the last time". Together we celebrated Bloomington's last homecoming and watched the last united senior class graduate.

Next year, with the opening of John F. Kennedy High School and with this school changing its name to Lincoln, students will be divided. Bloomington High School will cease to exist.

Students, teachers and alumni find it difficult to imagine this city with more than one senior high.

Many can remember how spacious the present building seemed when it opened in 1957. Yet our rising population in the last years has indicated a need for more classrooms.

This year, a record number of 2,932 students was divided between the main building and the annex. These students, working together, made 1964-1965 an exciting, spirited, and memorable year, a fitting "End of an Era".

HUBERT G. OLSON 1902-1964

For over twenty years, under the leadership of the dynamic personality and professional competency of Hubert G. Olson, the schools of Bloomington rose to a position of eminence among institutions of education in the state of Minnesota.

Mr. Olson's leadership among educators and among the people of the community was distinguished; his wide-spread influence will endure in the future as a monument to the young men and women of our school.

A dedicated, creative educator, Mr. Olson has left a cherished memory in the hearts of those students who knew him and those associates who were privileged to work with him in the schools of Bloomington.

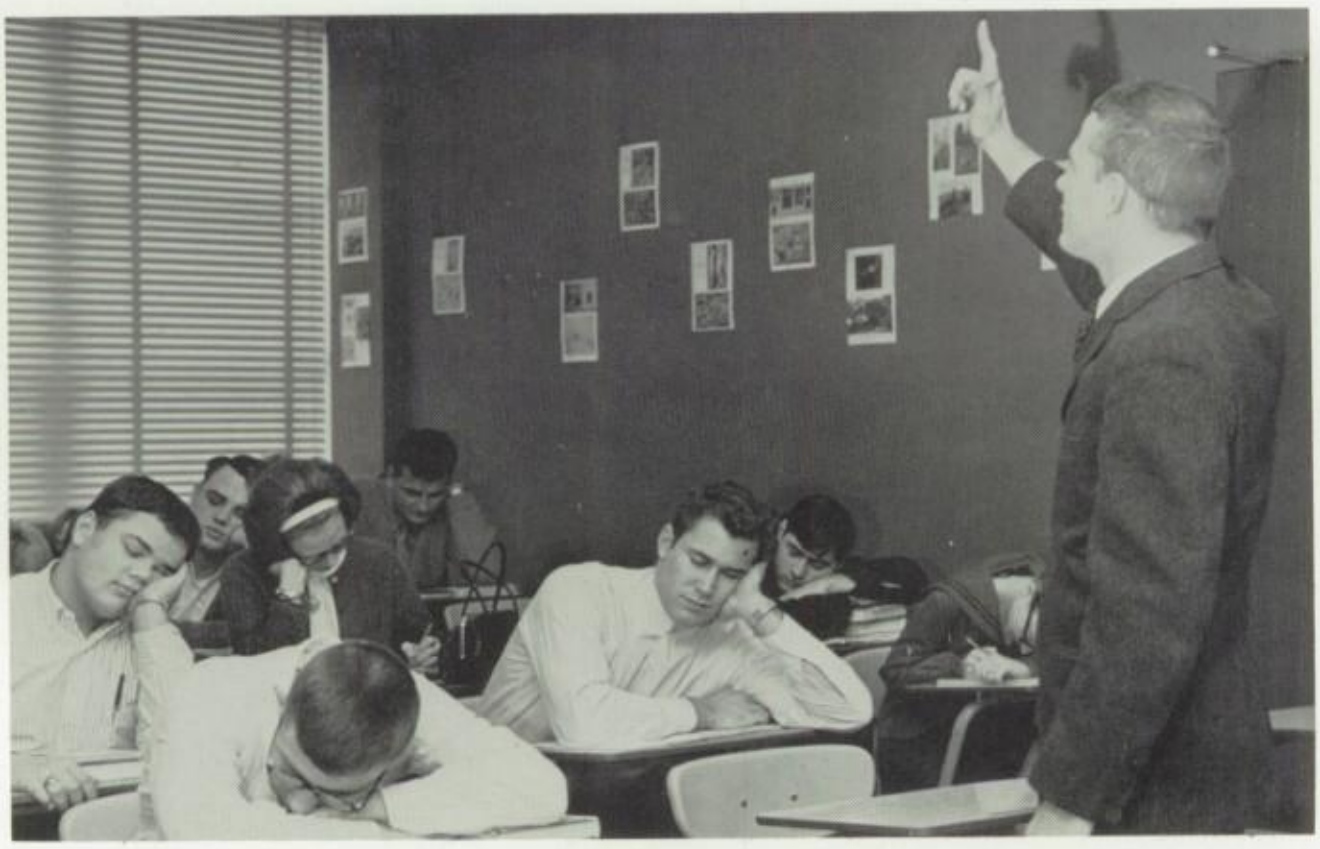
The greatest monument to this builder of Bloomington's schools is its 16,500 students. Many who didn't even know the man personally exist as daily living memorials to his work. They benefit from the education which he helped to provide and improve; their uses of the knowledge gained serve as constant reminders and examples of Superintendent Olson's contributions. These high standards of education will continue as a tribute; the students of today will become responsible community members of tomorrow, because of the quality of education which Superintendent Olson helped to make possible.

As a tribute to his insight and his years of consistent service, the staff of the 1965 Bear dedicates this volume to Mr. Hubert G. Olson.

Hubert G. Olson and former chairman of the school board Clifford Bowman, took part in dedication ceremonies for Kennedy High School, a building which represented the culmination of Superintendent Olson's plans for the expansion of the Bloomington school system.

Curriculum

Are those the keys to good English? Members of the English department were: Mrs. M. Wilhelm, Mrs. M. Perlman, Miss S. Solberg, Miss C. Brosseth, Mr. E. Lyons, Mr. R. Jacob, Mrs. I. Yung, Mr. O. Bergan, Mrs. M. Fridland, Mrs. A. Connell, Mrs. B. Stainer, and, not pictured, Mrs. M. Fischer and Miss M. Van Haur.



Mr. "Prince Charming" Lyons tries to arouse his Sleeping Beauties.

Members of the Honors English class crowded around their teacher, Mrs. Nachbar, for a story about sentence structure.

Bears learn English

Two of Mrs. Connell's seniors put finishing touches on a new bulletin board.

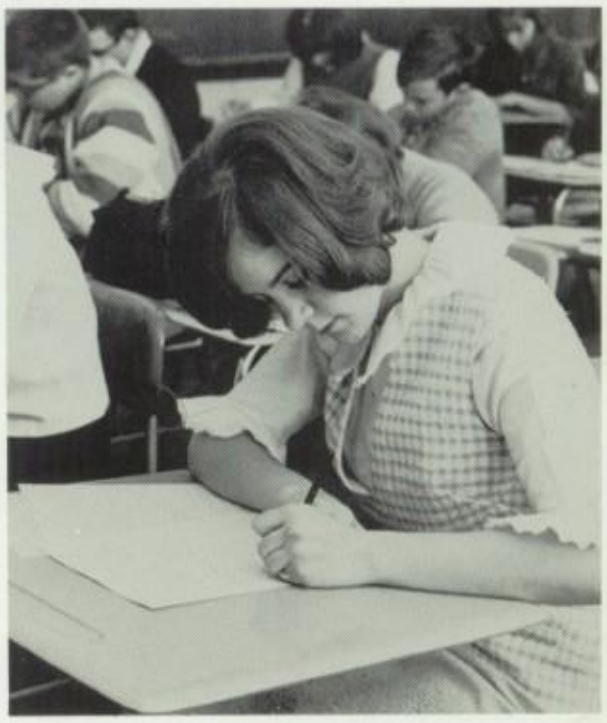
Don't split infinitives or dangle participles—it simply isn't done . . . **Julius Caesar, Silas Marner,** and **Huckleberry Finn** for the sophomores . . . What's the difference between a simile and a metaphor? . . . **The Scarlet Letter, Red Badge of Courage,** and **Macbeth** for the juniors . . . write an original short story and a research paper . . . **Oedipus Rex** and **Hamlet** for the seniors . . . studies of Greek philosophy and the Bible as literature . . . groups or general session? . . . Encyclopedia Britannica films . . . Isn't that tympani introduction wild? . . . a trip to the Tyrone Guthrie Theater to see **The Glass Menagerie** . . . grammar, poetry, drama, and exposition.

A student's view of Miss Van Haur.

Sometimes it takes a teacher's watchful eye to get an assignment done correctly.

Sophomores learned proper use of the English Language

Members of the Annex English Department were, left to right: Mrs. K. Hedlund, Mrs. K. Warjelin, Miss G. Huber, Mr. A. Munneke, Mrs. B. Daly, Mrs. Brynildson, Miss Osnes, and seated, Miss A. Drometer.



English tests were difficult as the sophomores soon found out.

Mrs. Cornelia Nachbar, English department coordinator, welcomed Lake Conference English teachers to B.H.S.

Miss Drometer discussed English literature with one of her classes.

Miss Solberg seemed pleased about the progress of her students.

Speeches . . . on short notice

Today you will all draw a subject and give a three minute impromptu speech . . . About these demonstrations; no dancing, singing or other talents! Debate, plays, and story-telling—no "Little Red Riding Hood" though . . . By the end of this year you all should . . . But your knees are still shaking . . . uh . . . uh . . . how can anyone say "uh" twenty times in five minutes and call it a speech? . . .

Speech and debate were taught by Mr. A. Koivumaki. That's K as in king, O as in oratory, I as in ice . . .

Use your imagination . . . Jim Kluegel was confined to a strait jacket for a play presented by members of the Speech II class.

These journalism students were obviously engrossed in the same sort of thinking—or was it thinking in this instance?

Journalism kept pace with most activities . . .

Above the noise Mrs. Stainer's voice, "This is one of those times we have to settle down and work . . . " What? Copy deadline today? . . . Security is Bob Anderson's briefcase . . . Please, can't I go interview the Dave Clark Five? . . . hard work . . . . no work . . . Did Jody Smith really drink the coffee pot cleaner last year? Oh, well, I suppose anything is better than Steve's coffee . . . Mike Norling—ever vigilant with his camera . . . But is it ethical to print? . . . I know you are nice, brilliant, and good looking, but why can't you learn to write?

There were some pensive moments, too. Sometimes a girl just had to daydream.

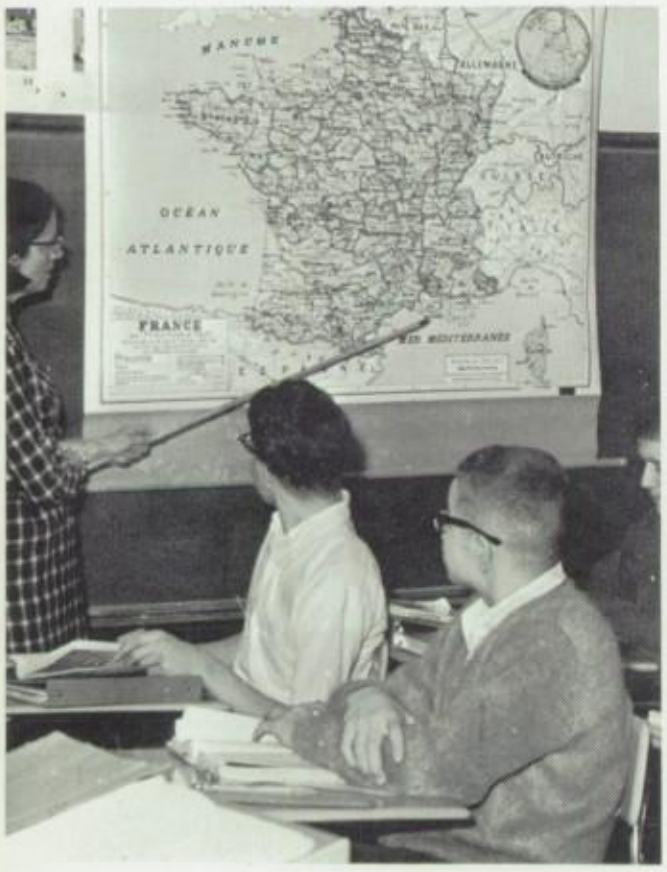
Parents were always on hand to be briefed on the workings of journalism.

Journalism classes, as were most others during this hectic year, were crowded. This group of Mrs. Stainer's students was involved in discussions of news coverage.

Mrs. Stainer proved that "good photographers" will go to any length to get a picture."

Mrs. Reed and Mrs. Jackson made use of the language lab.

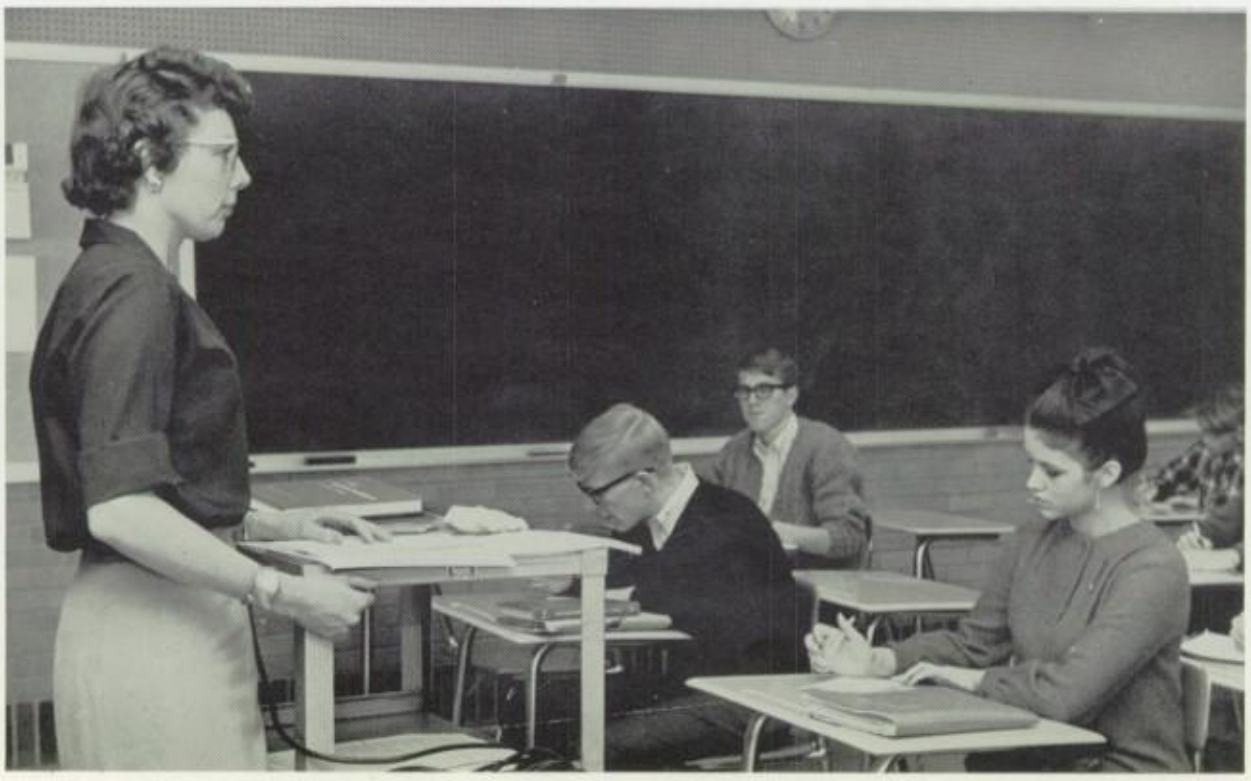
Miss Saloschin transmitted the desire to learn to her classes.



Points of interest were introduced by means of the map of France.

Sophomore Linguists?

How do you say "I'm hungry" in French? . . . Gesundheit! . . . Parlez vous Francais? . . . Habla usted espanol? . . . Sprechen sie Deutsch? . . . Oui . . . Si . . . Jawohl . . . Et tu Brute! . . . Oh, I hope she doesn't call on me! . . . I know I'll never be able to speak this language! . . . I thought French was supposed to be romantic! . . . Don't you just **love** Latin? . . .



Mrs. Kiriluk introduced some new verbs to her Spanish class.

So we had the "Beatlus" crowd. And in Latin class, no less. Mike Thoreson played a great guitar and his female companions were an important part of the annual Roman banquet held by the Latin classes.

Insistent and the best! Mr. Boehme, language department head and widely recognized German instructor in the Lake Conference, kept his students on their mettle from hour to hour. Enthusiasm and proficiency were his trademarks.

Spanish students listen intently as Mrs. Kiriluk gives the Spanish lesson.

Language teachers made us talk like native Frenchmen, Germans, Spaniards, and Romans . . . almost. They are: Mr. R. Boehme, Mrs. A. Lee, Mrs. M. Stewart, Miss W. Johnson, Miss L. Saloschin, and Mrs. M. Kiriluk.

A full expanse of modern foreign languages . . . and some "Beatlus," too.

Leslie Wydeen and Mrs. Wilma Johnson verified the locations of small towns mentioned in their French text.

A band of earphones, held somewhat gracefully (?), provided the French lesson for the day.

Miss Saloschin, a top-notch German teacher and a native of Vienna, explained German curriculum to parents with the help of a student teacher, Miss Branch.

School isn't all drudgery. Here, at least two French students got a laugh from some item in the French newspaper La Vie.

Members of the Social Studies department tried to link past, present, and future for their students. Standing are Mrs. Gilderhus, Mr. Kuzma, Mr. Chase, Mr. Bloom, Mr. Severson, and Mr. Rumpel. Seated are Mr. Clausen, Mr. Carlson, Mr. Hutton, and Mr. Chapman.

Junior Karen Knafla found note-taking could be boring, even in a World History class.

Mr. Wes Hanson helped Barbara Bump locate Italy, current topic of study.

I know—Germans from Germany, Swedes from Sweden, Danes from Denmark, but Englishmen from Great Britain? . . . But how are Peruvians related to the Japanese? . . . I can't keep track of all those names and dates! . . . We have to know all the provisions of the Treaty of Versailles?! . . . I hate quickie quizzes!

"Oh, now I see." The answer always seemed a little easier to find when the teacher helped.

Social Studies Classes

Students discussed problems involving the entire community.

Attempted to inform

Mr. Bloom welcomed a few minutes of rest.

Leaders of tomorrow learned about the problems of tomorrow from Mr. Carlson.

I do not look like the Neanderthal man! . . . But that was years ago—what difference does it make now? . . . Did Hannibal really take all those elephants across the Alps? . . . There were people in Europe and people in America and they didn't even know about each other! . . . Who fought on the side of the Allies in that war? . . . I just don't see how the government manages all that money . . . Will I have to take economics in college?

Campaign issues and platforms were hashed over by Mr. Wilson and some avid campaigners.

Members of the Annex Social Studies Department were: left to right: Mr. House, Mr. Elton, Mr. Boeser, Mr. Karbo, Mr. Peterson, Mr. Leistikow, Mr. Wise, and seated, Mr. Fritz.

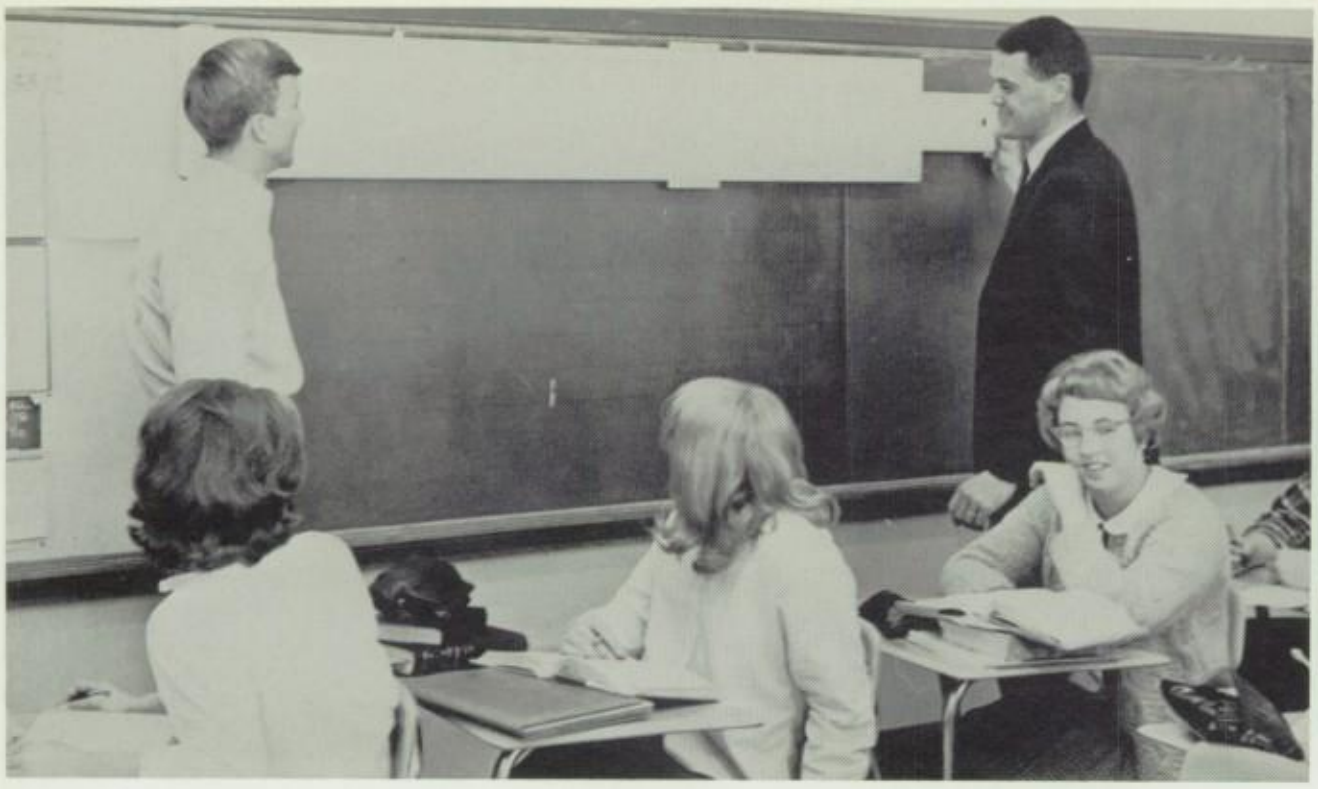
Sophomores uncovered our American heritage

Mr. Peterson pointed out American progress in the 1800's.

Annex history students studied past presidents.

Students listened intently (?) to Mr. Elton.

Carol Curry gave a special report in Mr. Leistikow's class.



While interested students looked on, Mr. Stever explained how to operate the slide rule.

Mr. Lingenfelter seemed pleased as a geometry problem was correctly completed.

"Are there any questions?" Mr. Stever asked his geometry class.

Wonder About Numbers?

To tell you the truth, . . . well, we'll go into that in the next chapter . . . Logs and what? . . . Loci, not locy! . . . get the idea? . . . Mr. Lower's idol, Yogi Bear . . . I know, dihedral angles, polyhedral angles and planes, but what do they have to do with spheres? . . . But Mr. St. Martin, I do have other classes you know . . . I'll always love math, it's so friendly! . . .

BHS'ers Did

Members of the Math Department were: Mr. S. St. Martin, Mr. R. Lingenfelter, Mr. N. Hamrin, Mr. K. Stever, Mr. J. Ludvigsen, and Mr. P. Myhre. Not pictured: Mr. K. Lower.

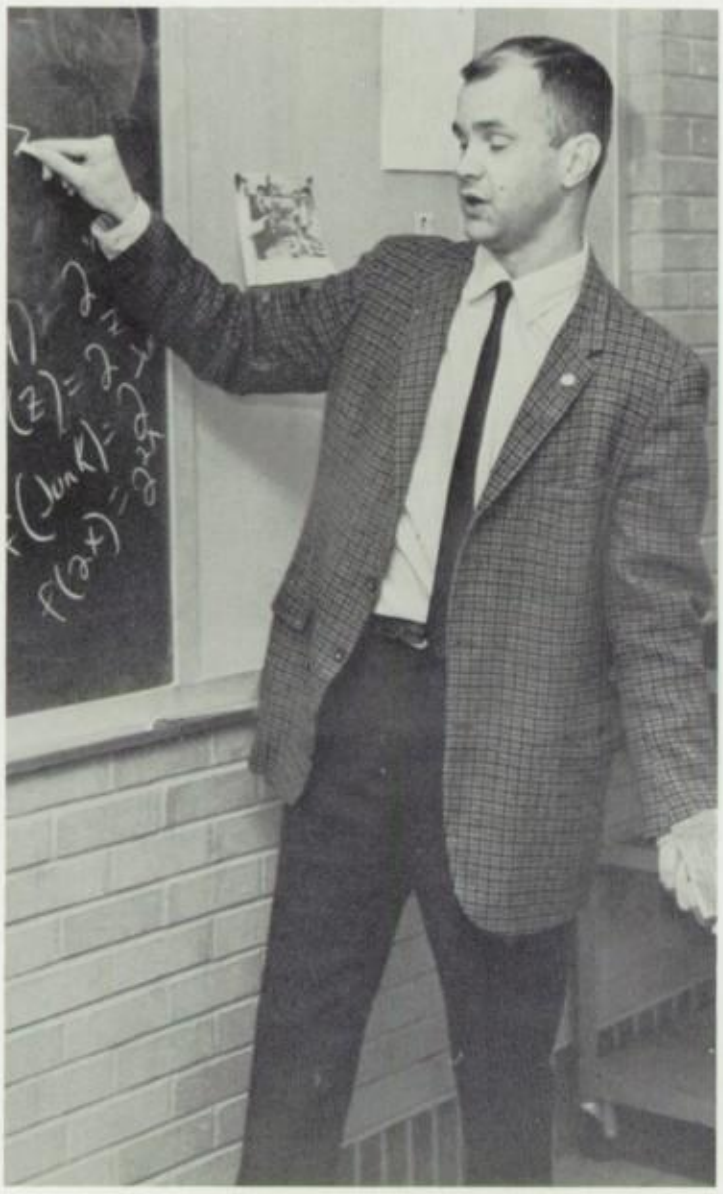
Obviously one teacher in the math department at BHS had that much desired and much asked for "undivided attention."

"Now for the tenth time . . ." Patience paid dividends in all mathematics classes. Mr. Sangrene is the essence of a patient man and his classes have profited considerably from this virtue.

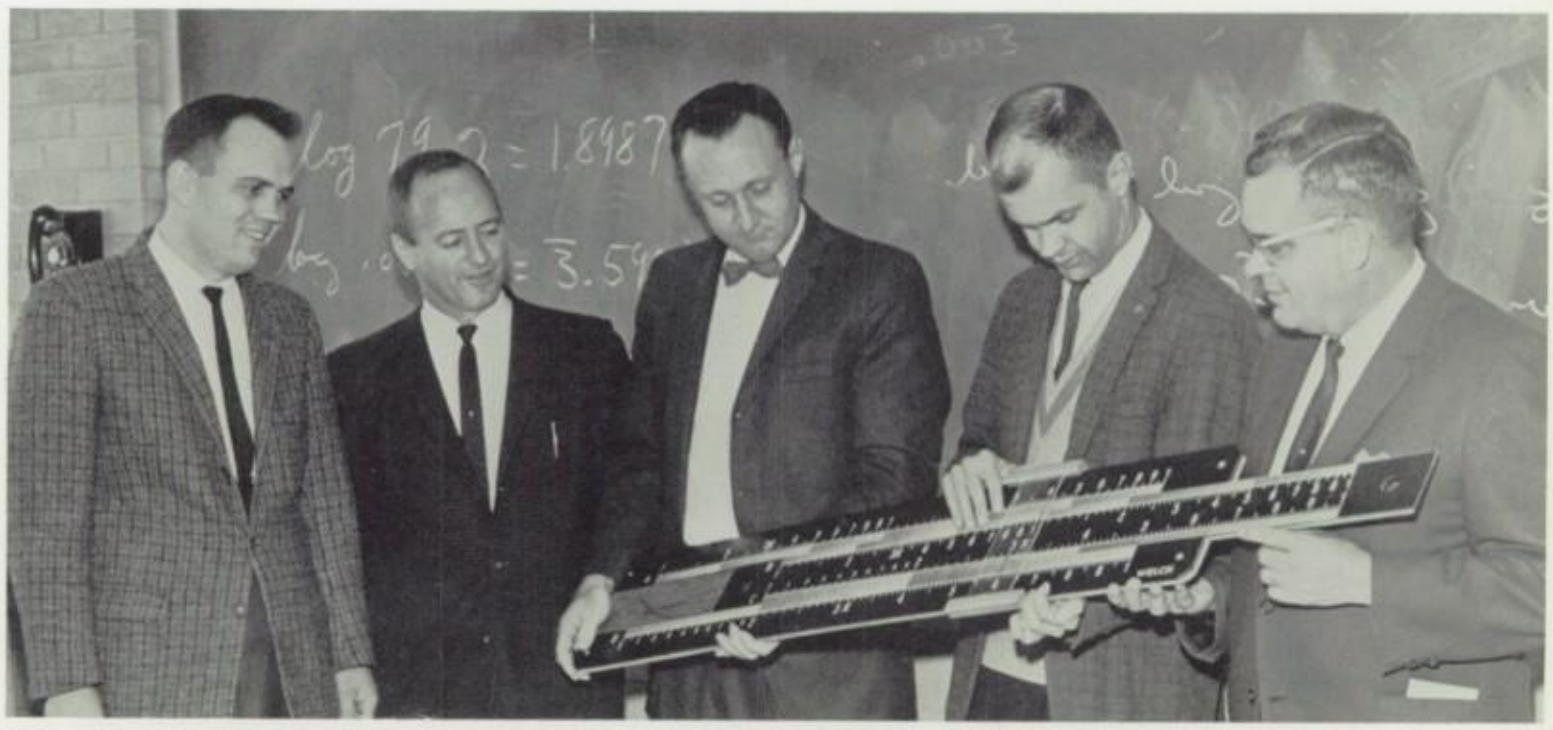
Mr. Ochs, apparently supremely confident of the ability of his class, asks the standard question of the group—are there any questions?

"Now we do know what that equals, don't we?" Driving hard at a pertinent point of procedure in a problem finds Mr. St. Martin's class at full attention.

"Maybe next nine weeks." Mr. Ochs eased parents' concern at PTA visitation night held early this fall.



"This is so easy that I can do it with my eyes closed." And here we have evidence that Mr. St. Martin, math department head, can prove things with his eyes closed.



Exploring the intricacies of a slide rule drew the attention of math department members who certainly hadn't reason for this type of instruction: Mr. Ludvigsen, Mr. Jaskowiak, Mr. Sangrene, Mr. St. Martin, and Mr. Ochs. Mr. Lower is not pictured.

Mr. Thorson stood at his blackboard containing a "few" words psychology students should be able to define.

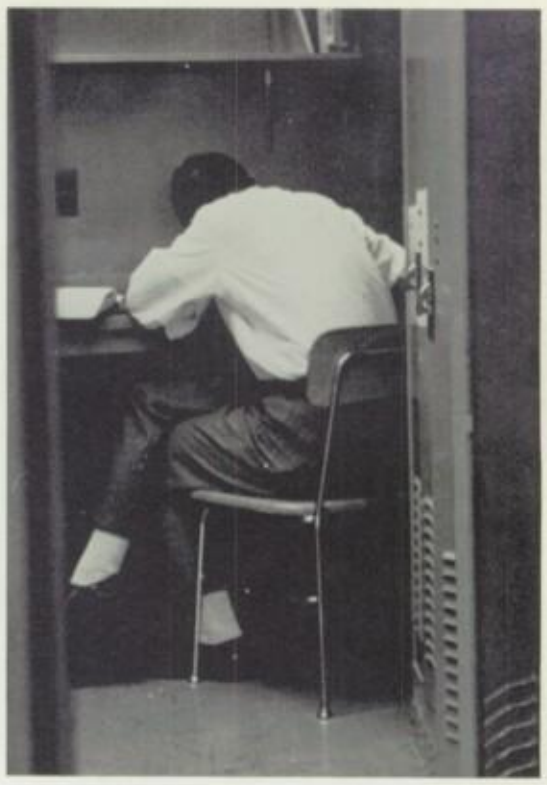
Time for that moment of relaxation, a privilege granted not too often to busy psychology teachers Mr. Thorson and Mr. Johnston.

Psychology: A test for the intelligent

Zeb, cor, muv, dib . . . memory images . . . statistical depencies . . . tests . . . j.n.d. . . . Focus and margin . . . ESP . . . tests . . . Double approach — avoidance conflict . . . tests . . . Skinner box . . . lectures . . . personality tests . . . psychotherapeutic drugs . . . films . . . MA . . . CA . . . Involutional melancholia . . . LSD-25 . . . tests . . . "Senioritis" . . . psychoses . . .

Mr. Johnston explained to Sue Algeo the problems of taking a test.

An absorbed physiology class watched Mr. Kesler point out the location of the heart.



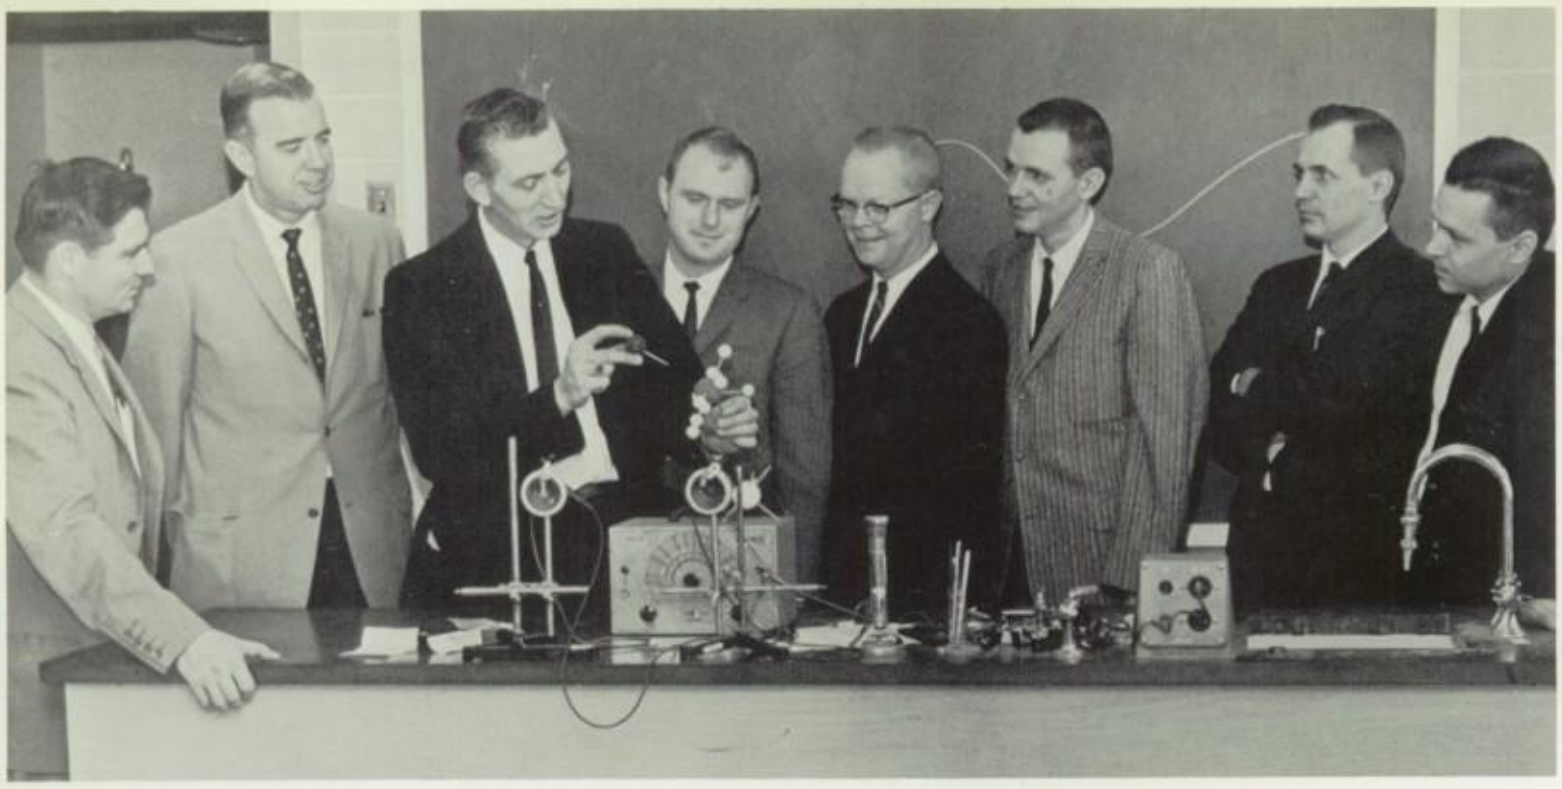
An unidentified science teacher spent his leisure time devising intricate plots to educate future Einsteins.

A New Era approaches . . .

And Bloomington students are in the vanguard of these coming developments

Mr. Dimond expounded on human physiology to interested parents at PTA visitation night.

Pat Christenson solicited a little help from fellow physiology students.



Aren't toothpicks and styrofoam balls fascinating? Members of the science department are: Mr. L. Kesler, Mr. O. White, Mr. C. Peterson, Mr. G. Drier, Mr. H. Westrom, Mr. J. Burke, Mr. O. Ruud, Mr. J. Dimond.

Ronnie Mendel—and a serious moment as he gingerly moved into his next pages, watched carefully by his biology teammates.

Science:

Ninety students per section . . . wide acquaintance is made in team teaching with our friends and with some startling advances in chemistry . . . BHS has its share of serious science buffs . . . contrary to some adult opinion, we do hit the books . . . and the members of the science staff attended summer sessions, not only for their benefit, but also for the students.

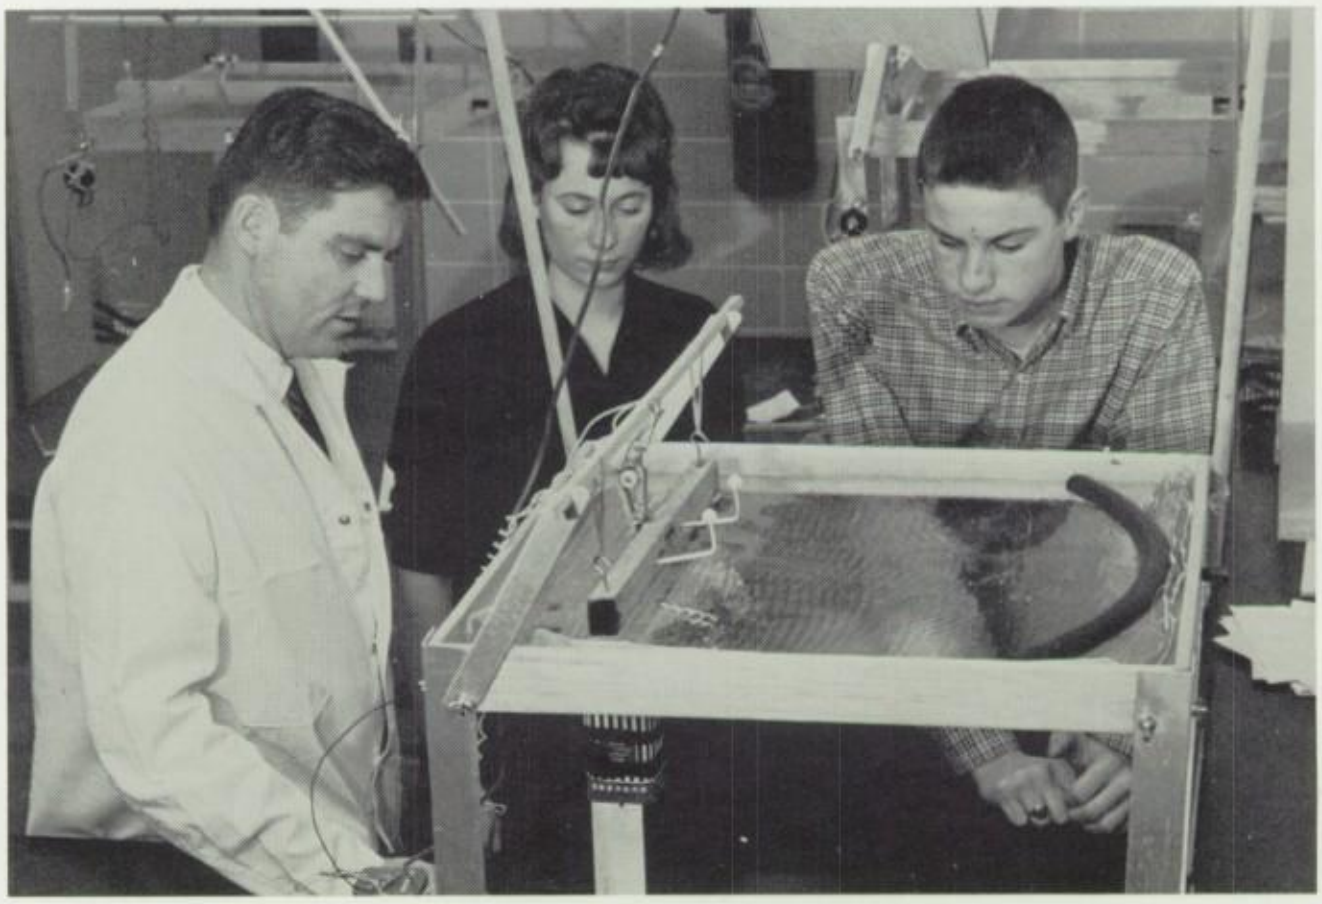
Somehow this all fits together . . . physics students set up a motion experiment.

Dale Tharalson was a picture of intense concentration as were his fellow students who were involved in research into animal physiology.

Mr. Ruud assisted Sue Merrick and Mina Larson in a problem of mechanics.

So this is physics . . . carts and ticker tape . . . what a snap. It looks like mere child's play, but Anne Racer and Alice Olsen were concerned ..... their findings.

Key to the future . . .



Mr. Kesler explained the wave interference pattern in the ripple tank to two of his physics students.

"Oh rats!"

You mean I have to dissect a worm? . . . closed or open what? . . . Oh, I can't stand to watch . . . Deoxyribonucleic acid . . . so that's how I got my blue eyes!

"I'll never eat cheese again!"

Biology: The Science of Living Matter

Biology teachers at the annex were: Mr. L. Thomforde, Mrs. B. O'Connor, Mr. R. Sharrow, and not pictured, Mr. D. L. Smith.

Members of the Business Dept. were: Mrs. L. Kuntz, Mrs. V. Roden, Mr. D. Rippel, Mrs. L. Barthelme, and Mrs. M. Lydell.

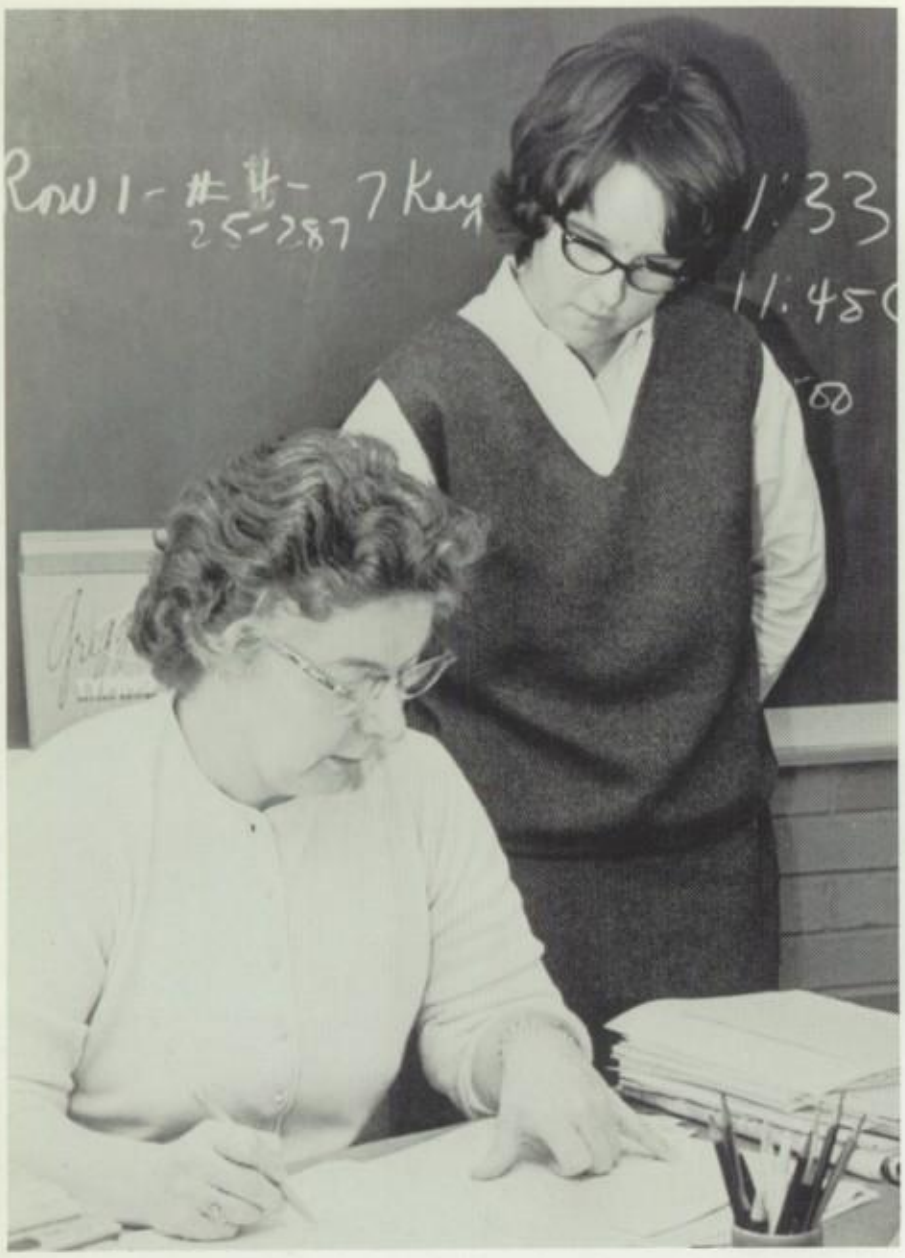
Business . . . the profession of the future

Linda Christianson worked on her bookkeeping project.

Yes, girls, if you plan on typing, the fingernails must go . . . O.K., ladies, and the one boy in the back . . . When I find the record, we will begin our shorthand dictation for today . . . No, there aren't seven "wherefores" in a row—the record's stuck! . . . I guess you have a problem operating the adding machines—you are nine million and forty-three off! . . . You aren't typing with the music—all together now, one, two, three . . .

Mrs. Kuntz approved Tim Swenson's typing techniques.

Members of a shorthand class busily transcribed their lessons.



Judy Kemper sought help in typing class from Miss Barthelme.

Sophomores learned to type with many long hours of practice.

Sophomores learned basic business

Miss Martinez taught the different aspects of basic business to the sophomores.

Band Activities Were Many and Varied

Weary guards rest after Homecoming ceremonies.

Sophomore band members watched Mr. Shannon intently.

Snip, snip, snip go the scissors of the supposedly busy girls in home economics . . . All right, girls, only nine more days until your outfits are due . . . Thread, needles, pins, material, and pattern pieces adorn the floor as the bell rings and the girls sneak quietly out the door . . . Girls, I said whipped cream, not butter . . . It is not just the teachers who are thinking of giving up, it is often the girls themselves, after eating their concoctions . . . "D!" How could I get a "D" as a final grade when all I did wrong was burn the Stroganoff, put my sleeves in wrong, and break off a presser foot? . . . I just can't believe it . . .

Members of the sophomore class at the annex looked at the pattern books to decide on future sewing projects.

Industrious art students chipped and chiseled away at their woodcuts.

Who stole the towels? . . . Aw, come on, quit soapin' up the shower room floor . . . I get so tired of playing baseball, basketball, football, gymnastics, weight lifting, and wrestling! . . . Hey, who do you think you are? . . . Lawrence Welk, blowing bubbles in the swimming pool!

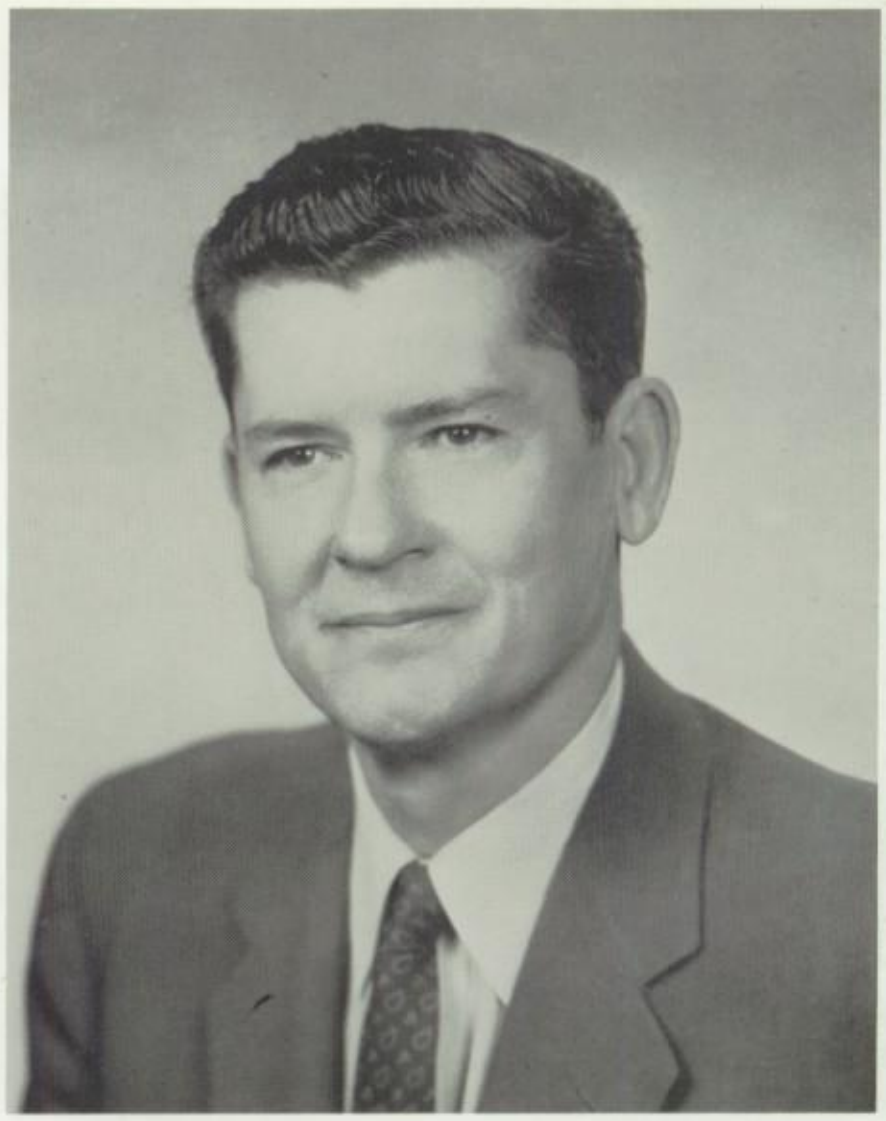
Administration

Mr. Fred M. Atkinson, former superintendent of the Utica, Michigan school system, became head of the Bloomington school district on January 29, 1965. The position had been vacant since the June 20, 1964 death of Superintendent Hubert G. Olson.

Mr. Atkinson spent nine years as superintendent of the Utica schools. His experiences in keeping the building program ahead of the mushrooming population in that community made him especially qualified to head the Bloomington public schools.



For the past five years, Mr. P. Arthur Hoblit has served as assistant superintendent of secondary education. This year, his duties were considerably increased when the board of education appointed him to the position of acting superintendent. In the interim between the death of Mr. Olson and the selection of Mr. Atkinson, Mr. Hoblit ably carried out the varied duties of superintendent.

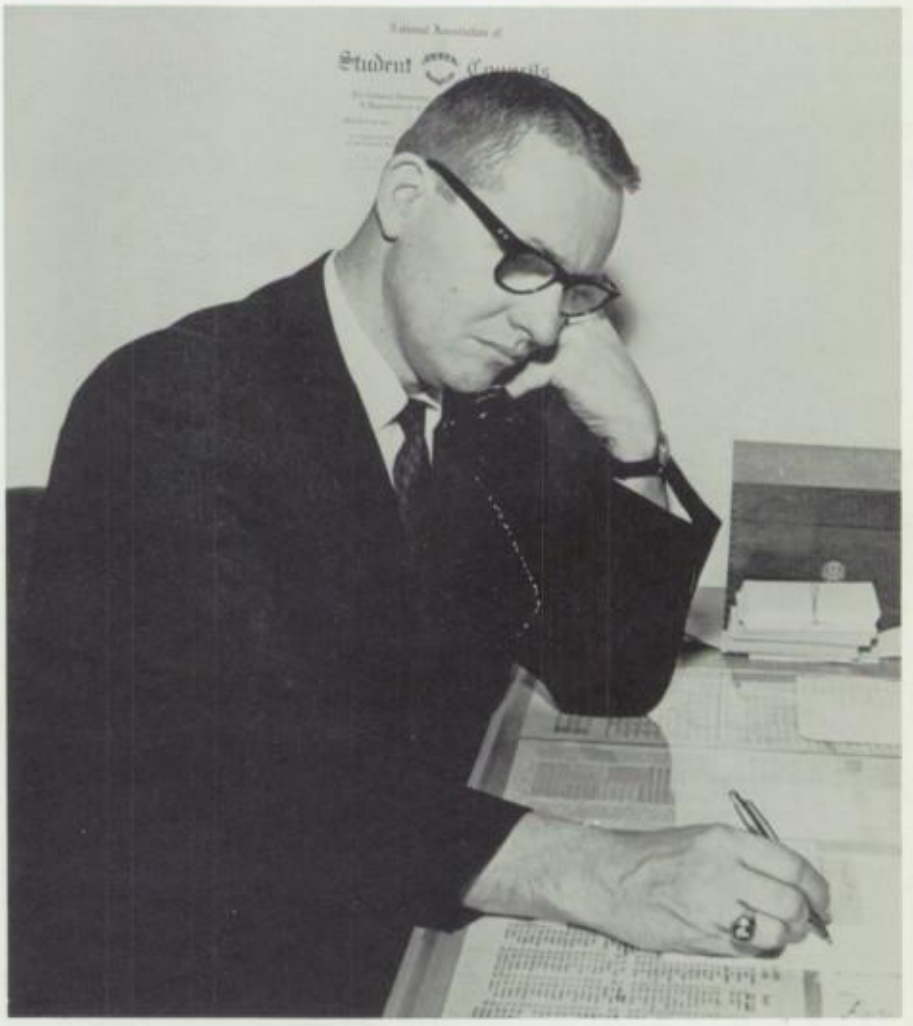
The highly competent members of the School Board were elected by the community. They are, from left to right: Mr. Fred Atkinson, Superintendent; Dr. Harley Racer, Clerk; Mr. William Carlson, Vice President; Mr. Luther Ford, Chairman; Mr. Warren Abrahamson, Deputy Clerk; Mrs. Edith Meinecke, Treasurer; Mr. Arthur Wangaard, Deputy Treasurer.

Mr. Ray Hanson has been the principal of BHS since 1960. Before that he taught science and journalism while serving as yearbook adviser. Mr. Hanson has earned the highest respect of the Bloomington Bears.

Mr. Russell Lee, acting assistant principal last year, has taken on the full responsibility of being assistant principal in the main building. Previous to his arrival in Bloomington, he was principal of the Belle Plaine high school.

BHS Administrators . . .

Mr. Robert Vinatieri was, for his third year, an administrator at BHS. He was added to the staff as an assistant principal but now holds the title of principal of the high school Annex. Next year he will be principal of the new Kennedy High School.



Mr. Gerald Nichols was, until last year, audio-visual coordinator. He became the assistant principal at the Annex during last year and retained the same position again this year. He was found to be a vital functioning part of the high school Annex team.

Mrs. Mabel Foss has been the life saver of almost every student at BHS at one time or another. As well as being Mr. Hanson's secretary, she was supervisor of all general office activities and has been an important cog in administration of the school.

Mr. Charles Nelson was often seen by BHS students in his role as attendance officer. Also, he was seen each morning at the head of a long, long line of absentees. He doubles in his second responsibility as audio-visual coordinator for the high school.

Plan for new school

Progress continued at the new Kennedy High School scheduled to open in September of 1965.

Mr. Tesmer, Senior Counselor; Mr. Redmond, Junior Counselor; Mrs. Spangler, Counselors' secretary; Mrs. Phipps, Junior Counselor; and Mrs. Anderson, Senior Counselor, met informally to discuss problems of the morning.

You never outgrow your need for counselors!

Mr. Tesmer, help! Is it too late to transfer out of physics? 75¢ for PSAT by today? Next quarter you've got to start studying . . . Mrs. Spangler, could you help me with this? College applications should have been in by when? Grades, activities, MSAT scores, PSAT scores, ACT scores, aptitude scores, references—a permanent file for every student in the school . . . No wonder it takes two weeks to get in for an appointment!

Mr. Ludvigsen's free period gave him an opportunity to chat with the counselors about his students.

Mrs. Cadwell, the Sophomore counselor, appeared to thoroughly enjoy her job.

Mr. Olson, sophomore boys' counselor, prepared test score interpretations.

Mrs. Pegors is secretary to the assistant superintendent.

High school librarians were: Mrs. Edith Willis, clerk; Mrs. C. Frank, clerk; Mrs. D. Hipps, Assistant Librarian; Mrs. O. Gilbertson, Head Librarian.

Efficiency, courtesy and friendliness seemed uppermost in the minds of the Librarians . . .

At the Annex Library the clerks were: Mrs. Lamb and Mrs. S. Matthews.

The library proved to be a haven of rest for busy BHSers.

Mrs. Leona Johnson was head librarian at the Annex.

Mrs. Lorraine Bentley was on the job as attendance clerk at the Annex while Mrs. Pixley was a great aid in the smooth functioning of the Annex office.

Cooks . . .

Lunch time seems to be the favorite time of day for BHSers, thanks to the cooks. The food is good—although you can't have "steak" every day. Pizzaburgers seem to be "the favorite" food of the year!

Mrs. Lillian Johnson, standing, is Food Service Supervisor for all Bloomington Public Schools. Mrs. Florence Ryman, seated, is head cook for BHS.

Homecoming festivities opened with an air of expectancy and hope for wondrous things in 1964. Queen candidates were nominated by petitions and voted on by the senior class. The five lucky girls with the highest number of votes were selected as queen finalists. The junior and sophomore attendants were chosen in the same way. The five candidates for king were chosen by the Lettermen's Club. Tuesday, October 22, a general election was held with the entire student body voting.

Coronation night was October 29. Tension mounted as everyone secretly hoped that his candidate would be crowned. After a long moment of suspense, Dave Livingston and Chris Parsons were crowned King and Queen. The hopes of many were culminated as scepters were given to the royal couple, and as their year-long reign began. Homecoming ended with all its festivities becoming wonderful memories for many BHS students and alumni.

Highlights of the three day convention were the Thursday evening banquet, the performance of **Brigadoon,** the Convention Ball, featuring the Blue Djamonds band, and the plunge party at Penn Junior High School.

A good part of the fun was in the active campaigning for State offices.

Exhibits depicting activities carried out by student councils were on display in the gym.

A picnic in the cold fall is fun once you're numb and can't feel the cold . . . Somebody catch that paper plate, my food's on it . . . That's not the way you eat spaghetti; you wind it with a spoon . . . not your finger . . . Does spaghetti sauce come off a white blouse? . . . Boy, AFS sure can be fun . . . What a way to meet new friends . . . Sue Stien and Debbie Lindberg are in competition this year for next summer's exchange program.

Dear Great Bruins,

My stay here in Bloomington is the most eventful and unforgettable year in my life. I have never been so impressed by such a big group of active, friendly and talented students. I've come to love Bloomington as my second home and school and America my second country, that I don't feel like going back to the Philippines. But I fervently hope to see you again some day.

"Ako'y buong nagpapasalamat"

Heartily thanking you,

Ramona Consolacion Fernando

DEAR BHSers,

You really have a wonderful school, and I have thoroughly enjoyed being here this year. I have been made to feel welcome by you, the students of Bloomington High School, and because of this, I will always remember this school with great affection.

I hope some of you will get the chance to come and see what my country, New Zealand, is like one day, and I am glad I have had the opportunity to see what your country is really like.

Elevated to the post of their offices were four individual lettermen: Glen Kuhr, Pat McMorrow, Dave Gartley and Gary Porter. Theirs was the task of organizing and controlling the assignments of the top athletes in BHS for 1964-65.

Bears' greatest year . . . for Lettermen 80 in '65

Members of the '65 Lettermen's club are automatically received when they have gotten a letter in one or more sports. According to BHS tradition, the letters are voted upon by the Athletic Council, composed of a coach from each sport. When a member reaches his sixth letter he receives a white letter. For next year, the Lettermen will divide into two areas, one for Kennedy High School and one for Lincoln.

A part of the advantage of being an officer of the Lettermen is in meeting such notables as Milt Sunde, Viking guard, and Bill Brown, another member of the Vikings. Pictured are Glenn Kuhr, Mike Thoreson, Sunde, Brown, and Steve Robey.

Members of the 1964-65 Lettermen's club were from left to right, front row: Gene Trowbridge, Dave Roddy, Mike Hurrle, Kent Esby, Howie Lambert, Jeff Cadwell, Jim Angelos, Mike Seeker, Stan Anderson, Ken Peterson, Cliff Prokop, Jim Lindstrom, Dave Gartley. the Teams

Grueling practice made the hockey cheerleaders a success.

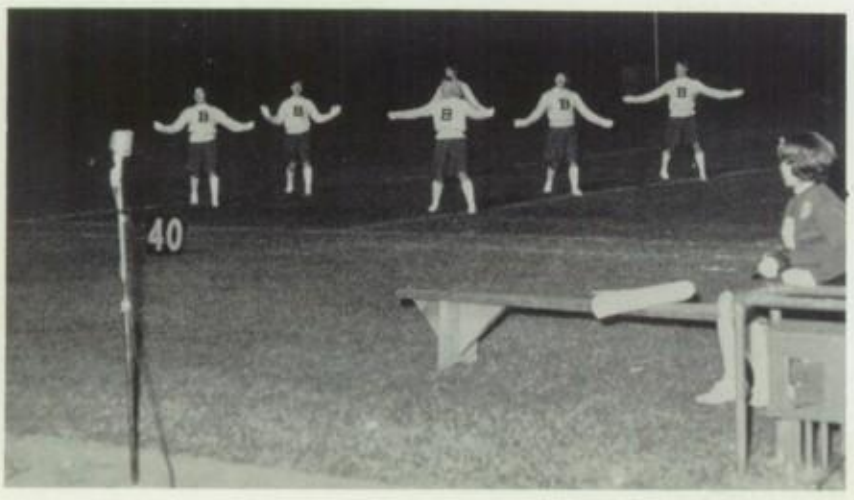
I said NO!

School morale and spirit wasn't lacking at the annex. The B squad cheerleaders were active every minute and with each home game gave the sophomores a new and varied program under the tutelage of Mrs. Brown, their adviser. Here are Cindy Peterson, Karen Prokop, Kim Wilson, Jan Kison, Lynn Myhre and Joan Bergh.

They lifted spirits at Annex

Alternate cheerleaders were in the act virtually every week, too. They were Gina Beasy, Jan O'Grady, and Pat Bunnell.

On occasions when joint pepfests were held by the Annex and main building student bodies, the B squad was on the job, this time at the pre-homecoming celebrations on the Bears' field.



Senior Bear, Sue Luhman, brought added glory to our Bear's reputation.

Our Bear did a jig with one of the cheerleaders.

Our Bear proves tops with all age groups

Each spring, one senior and one junior girl is chosen to be the most popular person in our school, the BEAR. This year's bear was picked for her lively personality and congeniality. These traits made our pepfests successful and our games more pleasant.

Escorting handsome athletes was one role of the Bear.

The Bear was the "Big Wheel" at the pepfests.

Jeanne Jones, our Junior Bear, livened up many pepfests and games.

Members of the Service Club were: R. Schlicting, T. Netherton, S. Gamble, D. McAnnich, C. Dessenberg, T. Nelson, P. Larimer, P. McMorrow, J. Chester, J. Kosse.

Il Dong Commercial High school became Bloomington's sister school in the 1964-65 school year. By a unanimous vote, members of the student council decided to accept the Korean school's proposal and set up correspondence with Il Dong.

Since last year Bloomington has sent to the school a yearbook, handbook, Mah-Quh's and special letters; and has received from our Sister School costumes, handicraft, a scrapbook, and a photo-album. Many students in the two schools are pen-pals, exchanging more personal ideas of the Korean and American cultures.

Duties of the Sister School Committee are to learn more about Korea through research and special programs and send information to Il Dong School about "BHS" and America.

Yea, a goal!

THE YEARBOOK STAFF

Carl,

It was real fun in hockey this year, and it was real fun in class.

Good Luck

John Tetrick

Carl, I don't know what I'm gonna do without you this year. I'm gonna miss you a lot. Where's the party at tonight? Don't forget to bring your girl friend with you. Maybe we can get together this summer. Take it easy.

Date

Carl, parents, teachers, you for ages. Where's the party tonight? Don't forget to bring your girl friend with you. Maybe we can get together this summer. Take it easy.

Lots of luck in all you do.

Pam

To the reader:

Preparing the 1965 BEAR has been a challenge, at times frustrating, but always enjoyable and rewarding. Our staff and advisers have worked hard to record, both in picture and in print, the highlights of this last year of Bloomington High School. We've tried to select the most interesting characteristics of life at BHS and present them in the most appealing way. It is the sincere hope of the staff that the memories which we have selected will serve as a warm and true picture of Bloomington High School in 1965. We are grateful for having had the opportunity to be editors-in-chief of the 1965 BEAR. The 1965 BEAR would not exist without the help of many persons. Therefore, we would like to express our sincere gratitude to:

Our faithful and diligent section editors;
The staff members of each section;
The administration, particularly Mr. Raymond Hanson and Mrs. Mabel Foss, for their assistance, guidance, and encouragement;
The office personnel and the BHS faculty who assisted in many trying situations;
Mr. Dan Gleason and the Taylor Publishing Company for their understanding and consistent supervision;
Mr. and Mrs. George Melander and Scott Gray of Melander Studios, our official photographers, for pictures and exactness in meeting schedules;
Photographer Fran Koch and Mr. Don Heinzman, editor of the Sun-Suburbanite, for the privilege of using many of their pictures;
The secretaries in the District Office who kindly gave us administration personnel data;
Mrs. Betty Stainer, the fifth hour journalism class, and the Mah-Quh staff for pictures, ideas, and assistance in copy preparation;
Miss Susan Dickinson for organizing and managing yearbook subscription sales;
Mr. Earl Lyons, for organizing the sale of advertisements;
The custodians for graciously admitting us into the building at odd hours;
And Miss Della Martinez and Mr. James Dimond, our unprecedented advisers, for much more than can be expressed in words;
To you, the students, we give our deepest thanks, for your interest, for your cooperation, and for making this last year of Bloomington High School truly a memorable one.
The labor of these people has brought you the 1965 BEAR. The BEAR was published for your enjoyment. We trust that in coming years you will use it to its fullest advantage.

Sincerely,
Peg Zeidler and Ruth Figi, Editors-in-chief

Carl, (or is it Carol)
Oh well, it's all Latin to me, (or is it Greek)
Hope you learned alot this year in Latin, even though he didn't. We'll probably be dragging through Latin II together next year. Good luck and have a fun summer.
Tom

Keep that eye on all those balls and try like me, your bound to be a flop following that advice
John Tanner

Carl,

You're a great guy!, but somebody ought to set you straight. You can't be a good football player and then turn around and be a great baseball player, it's not ethical.

Your friends always,
J.

Carl
Would'nt be neat if we could get in the same History class as we did this year

Carol,

Carl,

It's really been fun playing over your this year Carl, too bad you didn't hit better (yuck-yuck) We really provided the 1-2 punch this year to score all those losing runs with my losing Petkunis all about you next year in hockey, and if I were you, I'd go down and get my lettermens jacket early.

Good luck

Rafer Johnson

Carl,

Too bad you didn't hit better this year. We really provided the one-two punch to score those losing runs. I'm sure glad you're not playing against us next year.

Good luck in hockey and in
